

General Description

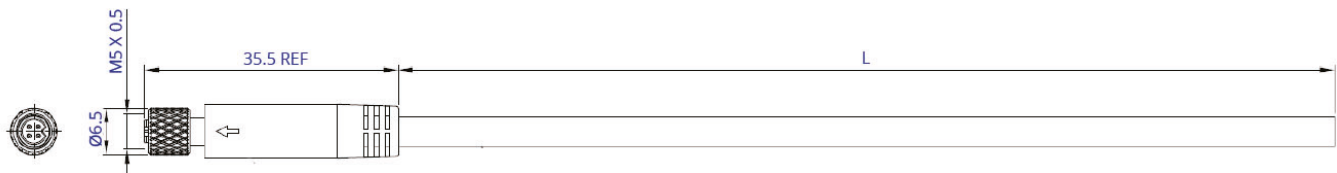

The SCM-XXSASS-XXXX is an M5 shielded over-moulded cable socket assembly with a stub end. The plug is available with 3 or 4 pins in an A coding and the cable assembly is offered in standard lengths of 300mm, 2m, 3m and 20m. Bespoke cable assemblies of any length and with mixed or similar terminations are also available. This cable assembly offers a solution for sensor systems in demanding and harsh environments, providing speeds of up to 10Gbit/s.
